DETAILED ACTION

Allowable Subject Matter

1. Claims 7-10 and 12-17 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The Applicant amended claims 7-10 and 12, canceled claims 1-6 and 11, added new claims 13-17, and presented arguments in favor of allowance of the amended claims according to the "Amendment" received December 22, 2005. With respect to the amended independent claim 7 and the newly added independent claim 13, the Applicant demonstrated to the Examiner's satisfaction that the 35 U.S.C. 103(a) rejection over the primary reference of Shiokawa et al. (6,590,205 B2) is no longer applicable to the Applicant's invention. Shiokawa et al., as well as any other prior art, fail to disclose, in combination with other recited features of the claim limitations, an ion attachment mass spectrometry apparatus causing positively charged metal ions to attach to analyte molecules to be measured in an attachment region to generate attached ions and then performing mass spectrometry on said attached ions by a mass spectrometer, comprised of: a metal ion emitter for emitting said metal ions to said attachment region, an introduction unit for introducing said analyte molecules into said attachment region, means for inhibiting attachment of said metal ions to one or more groups of molecules in said attachment region, and a mass spectrometer for performing said mass spectrometry. The key element that is missing from the prior art is the means for inhibiting attachment of said positively charged metal ions to one or more groups of molecules in said attachment region.

The 35 U.S.C. §112 rejection of claims 7-10 and 12 has been overcome since these claims have been amended incorporating the “means for inhibiting the attachment of said metal ions to one or more groups of molecules”.

Therefore, the independent claims 7 and 13 are allowed. The dependent claims 8-10, 12 and 17 are allowed by virtue of their dependence upon claim 7. The dependent claims 14-16 are allowed by virtue of their dependence upon claim 13.
